Notes:

I. "Loans to bankrupt entities"

Loan assets for which interest receivable is not appropriated because the Bank does not expect payment of the interest or repayment of the capital, due to long delays in repayment of principal and interest on the part of the borrower, in which the borrower is any of the following:

- (1) A borrower who is alleged to have started procedures for reorganization under the stipulations of the Corporate Reorganization Act or the Act on Special Treatment of Corporate Reorganization Proceedings and Other Insolvency Proceedings of Financial Institutions
 - (2) A borrower who is alleged to have started procedures for reorganization under the stipulations of the Civil Rehabilitation Act
 - (3) A borrower who is alleged to have started bankruptcy procedures under the stipulations of the Bankruptcy Act
 - (4) A borrower who is alleged to have started special accounting under the stipulations of the Companies Act
 - (5) A borrower whose check clearing privileges have been suspended by a clearing house
2. "Loans in arrears"
Loans in arrears are made up of those loans recognized as bearing unrecovered interest, with the following exceptions:
- Loans classified under "Loans to bankrupt entities" above
 - Loans for which interest is unrecoverable as "suspended interest"
3. "Loans in arrears 3 months or more"
Loans for which repayment of the principal or interest is past the stipulated due date by three months or more (except those in 1 and 2 above).
4. "Loans whose conditions have been eased"
Loans for which special conditions have been negotiated to encourage repayment and to businesses in financial difficulty or in the process of restructuring (except those in 1, 2, and 3 above).
5. This balance is the amount before deducting amounts for collateral and guarantees. It should not be inferred that the entire balance is unrecoverable.
6. "Collateral and guarantees" is the total of collateral expected to be available for disposition, plus the amount of funds expected to be recoverable from guarantees, calculated based on self-assessment.
7. "Reserve" is a reserve provided against "risk-monitored loans." It is smaller than the figure appearing on the balance sheet.
8. "Protection ratio" is the ratio of collateral, guarantees and reserves to all risk-monitored loans.
